Paragon 1971

PARAGON--the definition of which is excellence. Described throughout this yearbook is the excellent education of the nurse, the superior quality of her colleagues, and the effective health care given those she serves. This book is written not only to be a memoir for those students of today, but also to be an incentive for those nurses of the future.

LAKEVIEW MEMORIAL HOSPITAL SCHOOL OF NURSING
Danville, Illinois
Jane Wilson, Editor
Betty Easter, Advisor

Woman of Vision

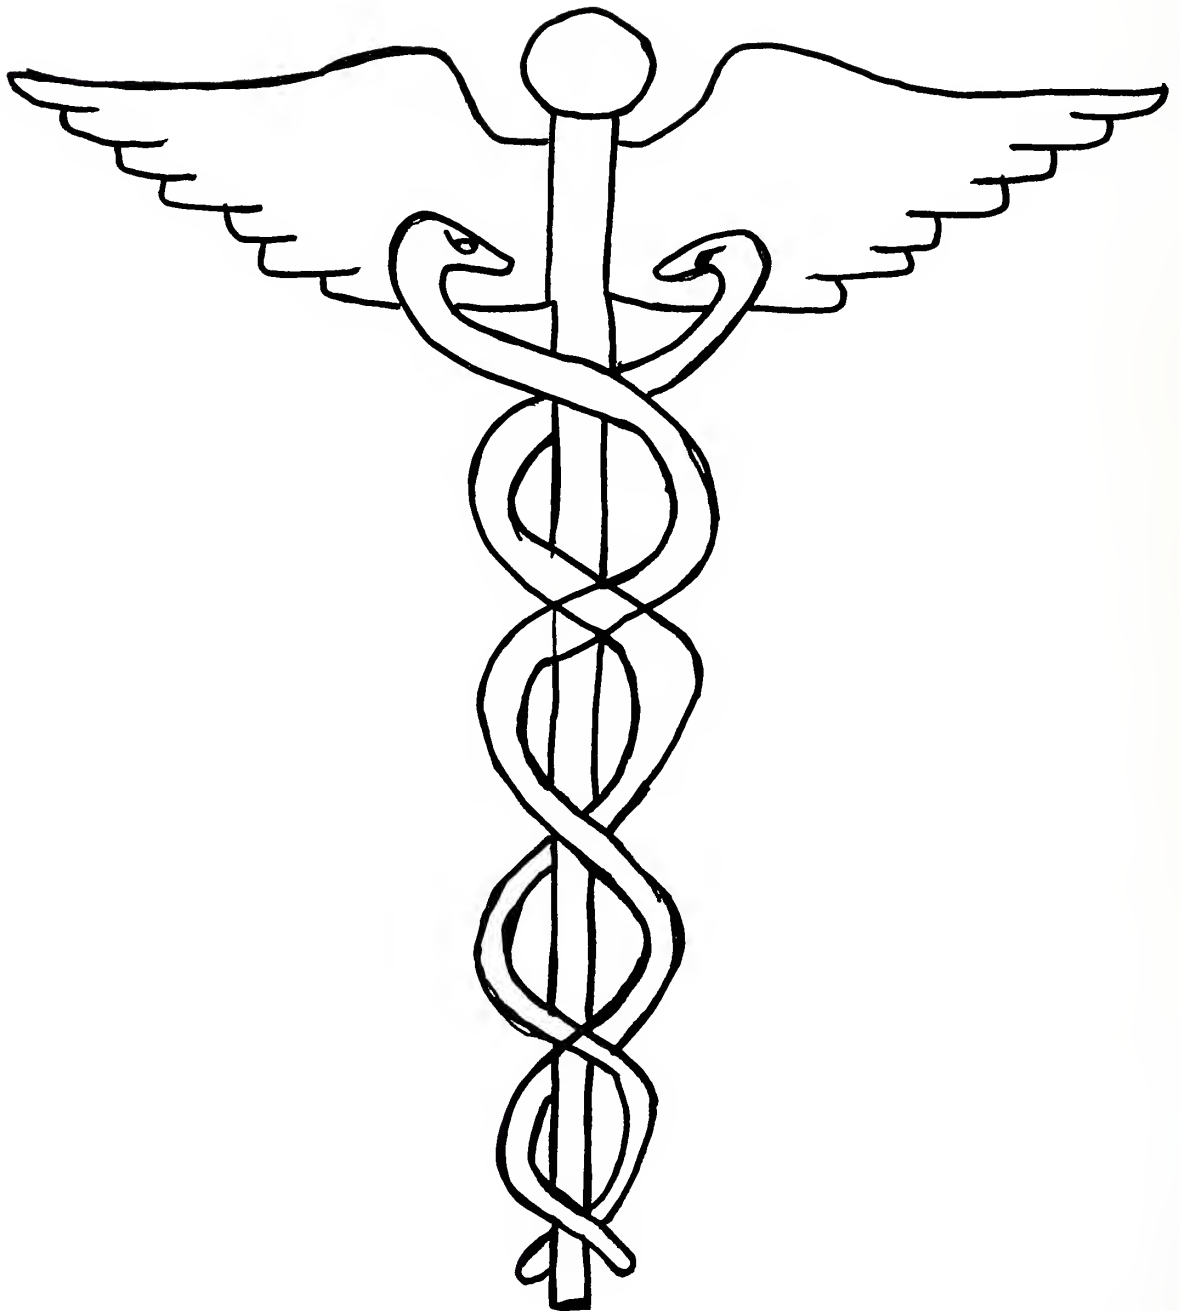

"Look not mournfully into the past; it will not return. Wisely improve the present and go forth to meet the future without fear and with a courageous heart."

These, her own words, well describe the life of Mrs. Charline Grygiel, the director of nurses at Lake View Memorial Hospital and its school of nursing until July of 1971 when she died after an extended illness.

Under Mrs. Grygiel's direction, the school of nursing enlarged its educational program and became more liberal in its attitude. Mrs. Grygiel wisely set forth a goal of national accreditation for the school. With her guidance, and after many long hours of hard work, the school received that award only a month before her death.

Always she looked to the years ahead, predicting and preparing for the educational needs of her nurses and the health care of those they served. She was a lady with vision, but more importantly, Mrs. Grygiel was a woman with the conviction and strength to make those visions a reality.

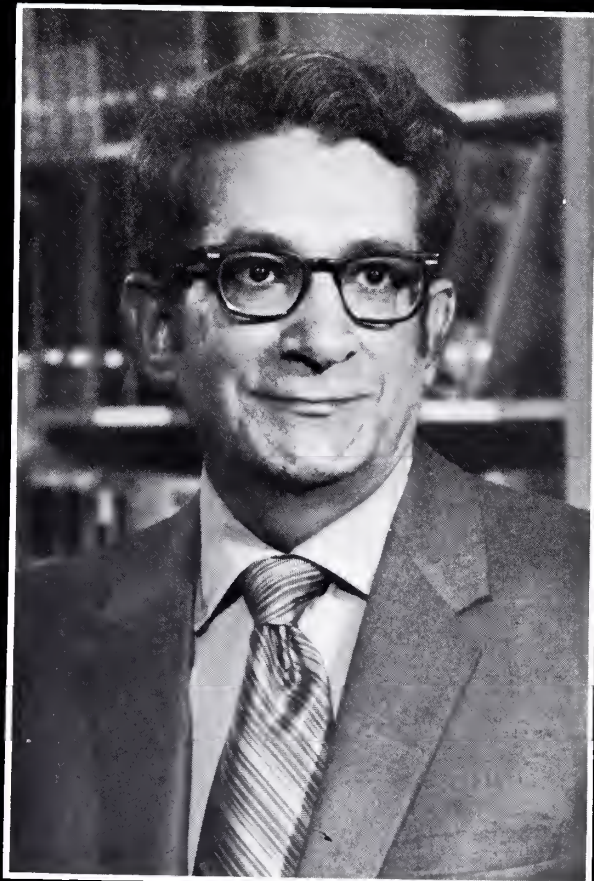

Salute to

Lake View Physicians

"Men and women to whom God has given the special talents of caring, comforting, and healing--men and women who dedicate these abilities unselfishly to the needs of the people they serve."

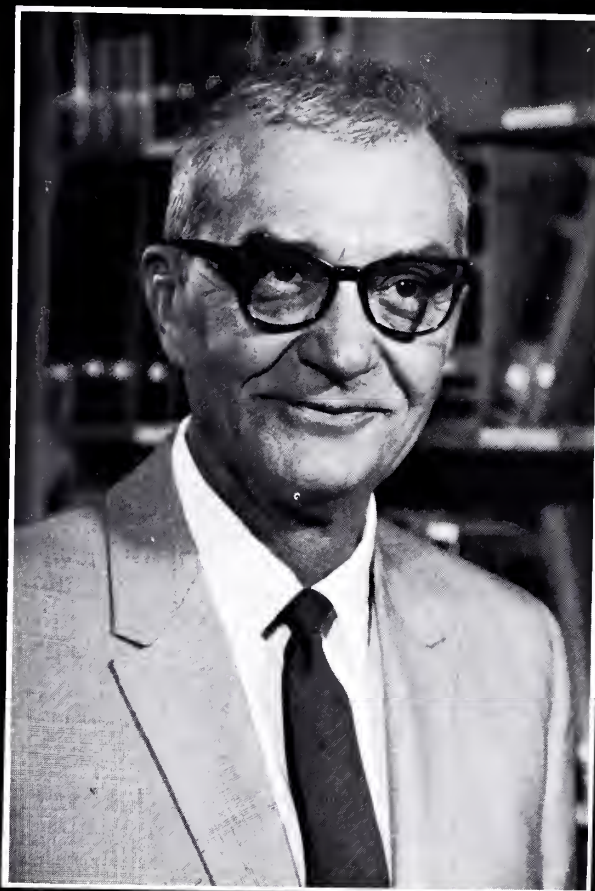

We as nursing students are preparing, in these three years of education, to be an integral part of their work by functioning side by side with the doctor, educating his patients, implementing his orders, sharing his knowledge, and most importantly, using these functions to save lives, prevent disease, ease pain, and give hope to those we serve.

"Open wide, dear."

MRS. SHERNOCK . . .

The glowing redhead whose paths in life have taken her many places in many functions--her steps this time take her away from her position as health director at Lake View to the bigger city of Miami, Florida.

Mrs. Shernock's affable personality makes her an individual not to be easily forgotten. Whether she was coaxing a doctor, curing a student, or recruiting help for Dr. Ochoa's cow, Mrs. Shernock was always the same vivacious, gregarious personality--whether she be "Miss Rebel" in Faculty Follies or Mrs. Shernock of 4th floor rear.

Dedication 1971

ADMINISTRATOR

Austin J. Evans
Administrator

"The greatest moment in the long history of the Lake View Memorial Hospital School of Nursing arrived on Friday, July 2, 1971. This is when the letter was received from the National League of Nursing telling of our School's complete, 6-year accreditation. What an accomplishment! Accreditation for a school of nursing is equivalent to the stamp of sterling on silver.

How proud I am of our Director, Mrs. Charline Grygiel, her faculty and staff. It took years of hard work, great intelligence and unbelievable perseverance to achieve this ultimate goal. How fortunate we are to have the finest nursing leader in the country right here at Lake View, Mrs. Grygiel. This remarkable lady dreams great dreams and then proceeds to make them come true.

With a noble history, with cherished traditions, with devoted community support, our School of Nursing can now advance under the banner of accreditation in a way never before possible. The future has never been brighter.

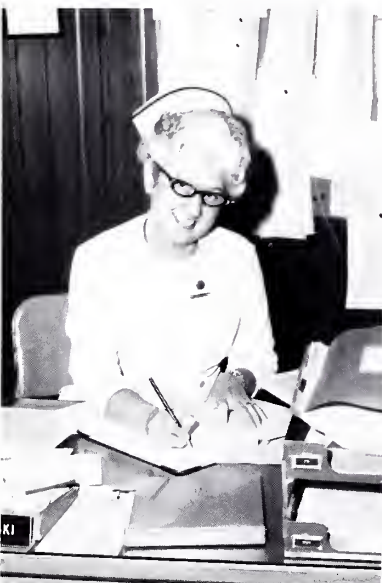

I extend my heartfelt thanks to all who worked so hard to help Mrs. Grygiel lead us to victory."

Mr. Rush is a graduate of the University of Maryland with a B.S. degree; and a graduate of the Armed Forces Staff College in Norfolk, Virginia. He has had extensive administrative experience climaxed by a tour at the Joint Chief of Staff level of the Department of Defense in Washington, D.C. He has also had civilian administrative experience with a local industry. Mr. Rush stated, "Lake View Memorial Hospital is my first experience in hospital work, however, I enjoy Lake View very much and feel that the people I associate with are the greatest. I am looking forward to a long stay."

Mr. W. M. Rush
Asst. to Administrator

This lady has been Mrs. Grygiel's right arm in matters concerning hospital nursing personnel.

Mrs. Milewski
Asst. Director of Nursing

Nationally Accredited! 1971

Mrs. Carolyn Bolander
Asst. Director of Nursing Education

"The Lake View Memorial Hospital School of Nursing educational goal has been to be able to provide quality nursing education. We esteem to provide the very best quality of nursing education that we can. And by improving our program through a very definite plan of steps begun three years ago it has proven to be sufficient to meet the criteria as established by National League for Nursing--the highest level of accreditation available to programs leading to a diploma in nursing.

An ongoing process of evaluation in our method for continued improvement of our program, aiming to further improve the quality of patient care."

Mr. Larabee graduated from Maumee Valley Hospital School of Nursing in Toledo, Ohio. He received his B.S. degree and master's degree in nursing education from Mary Manse College and the University of Toledo.

"This milestone in the history of Lake View launches a new era for both the school and the hospital. We should see a greater influx of interest in both institutions. We have demonstrated to professional nursing groups, the local community, and the general public that we provide quality care and quality education. The presence of a school with such recognition can only serve to vitalize and improve the quality of care rendered the consumer of nursing services, the patient!"

Mr. James Larabee
Asst. Director of Nursing Education

"Through unified and diligent efforts the School of Nursing achieved in 1971 the ultimate goal of National League for Nursing accreditation. We could not have done so without the tremendous cooperation of administration, nursing service, students, and all other members of the hospital family. We will continue to strive for excellence in preparing beginning practitioners in nursing who will be a credit to our school, our hospital, and our community."

Mrs. Garwood

Student Nurses?

Few persons would travel as far as Miss Margaret Pratt to get an education.

Our own Sue Boyden--TOP ROW, far left.

Yes. These are student nurses. Student nurses do put in long hours of hard study and are constantly searching for new challenges and greater knowledge as individuals and nursing students. But they are young men and women who enjoy getting the most out of living; and who work diligently to help those persons who have physical, mental, emotional, and spiritual problems and illnesses to regain their health as much as possible; and to use what potentials these persons have to get the most out of life.

All nursing students will face difficult tasks, but no one can discourage them from giving wholeheartedly to the patients entrusted to their care!

שמחה

“We have gained the knowledge—progress is our goal.”

To the Class of 1971

"No man is an island". Certainly no nurse in 1971 can isolate themselves from the needs of our fellowman. Not only the care of the acutely ill hospital patient, but also the care of the "health poor" people in the community demands our action.

Good luck, good health, and may you derive much satisfaction from your profession.

Your class advisor,
Sue Rick, R.N.

REMEMBER ALWAYS CLASS OF 1971:

I solemnly pledge myself before God and in the presence of this assembly, to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling. With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care.

Senior Profiles

Lynn Bean

Home town: Perrysville, Indiana

Hobbies: Sewing, any kind of outdoor sport.

Field: OB

Practice: Danville, Illinois

Office: Fr. Sec.-Treas.

Awards: Outstanding nurse and 1st scholastically.

Dwight F. Bushue, "Dilbert"

Home town: Mattoon, Illinois

Hobbies: Drinking, sex, eating, fishing

Field: Degree in psychology

Contributions: Persevere

Accomplishments: Ability to maintain S.N. status for longest period.

Patricia Jean Cooke, "Patty-Jean"

Home town: Danville, Illinois

Field: Nursery

Practice: Danville, Illinois

Kay Lillian Criblez, "Cribbles"

Home town: Potomac, Illinois

Hobbies-Interests: Baseball, basketball;

"Religion is an important part of my life"

“Let Your Light So Shine”

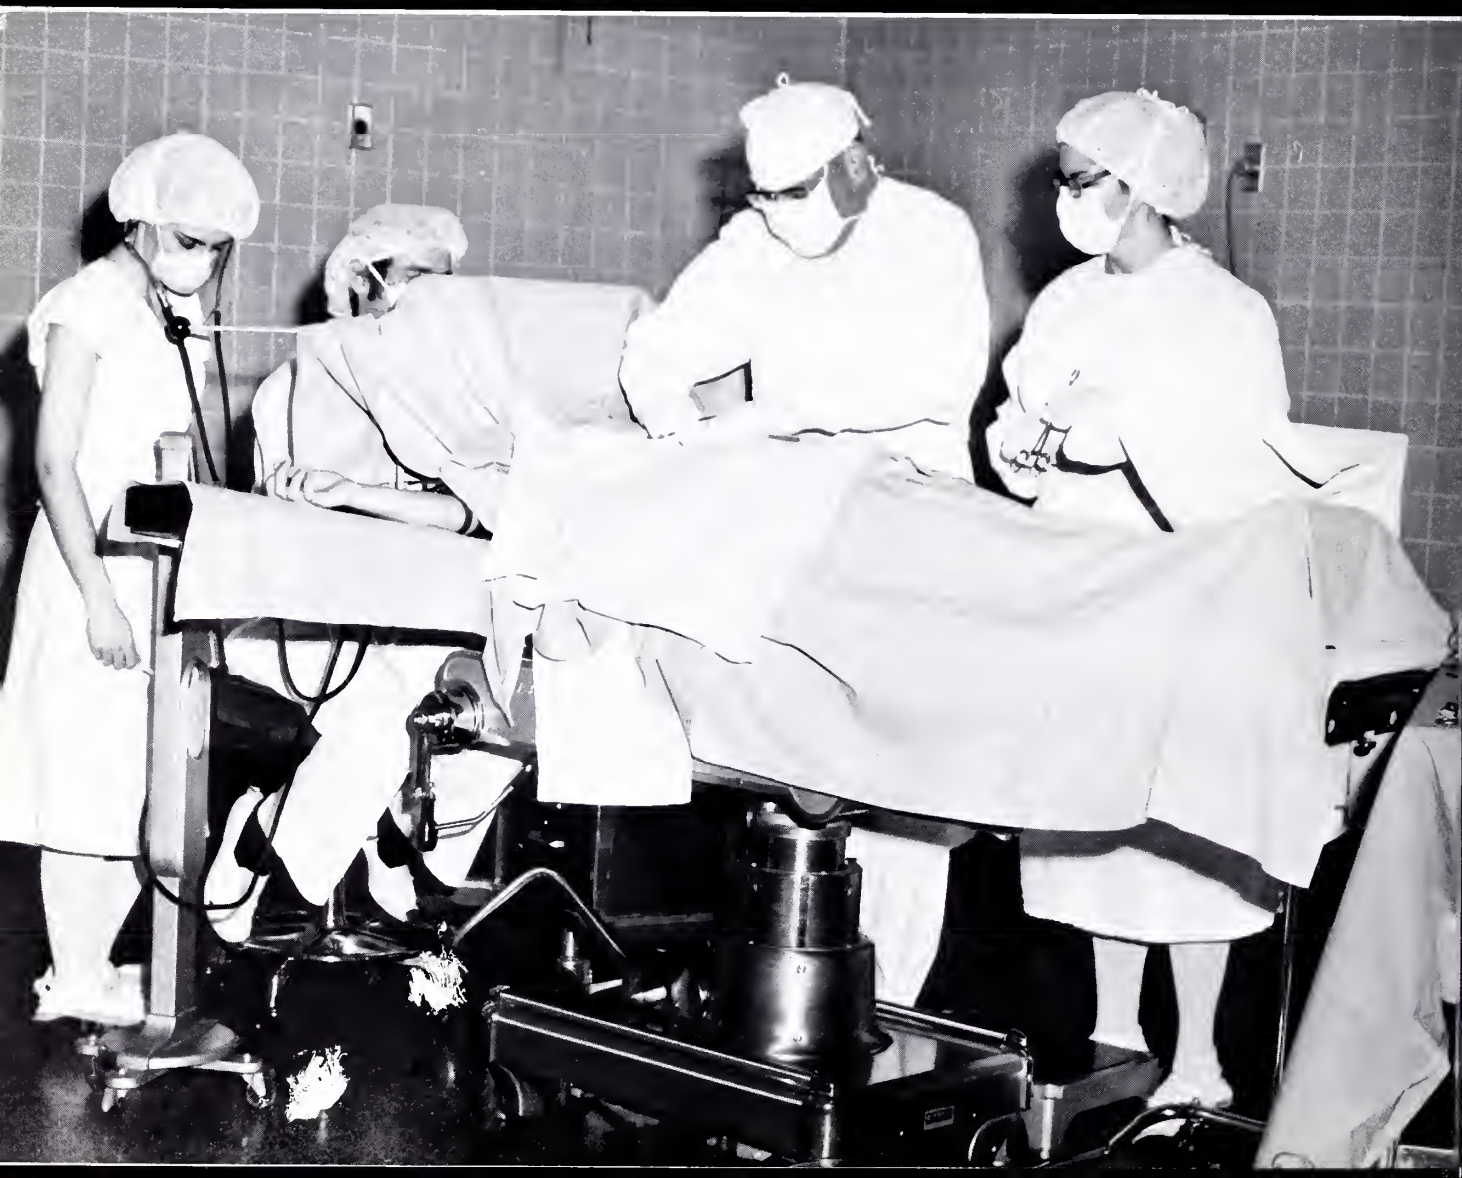

Sharing a three way tie for top scholastic honors are Marsha Elledge, Chris Frankino, and Cheryl Peters.

Many people associate a hospital either with giving birth to babies or having surgery. However, these are just two of the many activities of a hospital and the nurse.

Unfolding, in the next few pages, one can see the much broader spectrum of nursing--the integration of basic nursing sciences to the complexity of nursing specialties.

Affiliating at Jacksonville State Mental Hospital is one of the most fulfilling experiences in the nursing education of LAKE VIEW students. After moving to the newly erected dormitory and finding new friends in the students from the affiliating schools, this year's juniors and seniors spent the remaining eight weeks discovering themselves and others while studying and gaining an understanding of the nature of human behavior.

Instruction, both clinical and classroom, is unique on the Jacksonville affiliation. Dramatized television case studies provide exciting, more meaningful education whereas the meetings and talks with an assigned patient provide opportunity for actual performance of the video theory.

Outpatient clinics, the adolescent center, long cafeteria lines, the aides, team conferences, decorated bulletin boards, card games, and ward parties finish the description of this center for human actualization--a place where each student, at the end of her two months has gained a new knowledge irreplaceable to her goal of total nursing care.

Senior Banquet

Final moments before the Spring Concert.

MRS. STUDEBAKER
Choir Director

Chorus

The Lakeview Chorus, one of Mrs. Grygiel's fondest dreams, has helped to put Lakeview Memorial Hospital School of Nursing "on the map". Besides performing at Capping, Graduation, Christmas, Spring Concert, and community functions, the chorus has performed as far away as Peoria, Illinois, as invited guests of the Maternal and Child Health Convention.

We feel confident that under the direction of Mrs. Shirley Studebaker, the chorus will continue to progress.

CHORUS for

Harlan English, M.D.

Everett M. Laury, M.D.

A. Reese Matteson, M.D.

John Mason, Jr., M.D.

O. J. Michael, M.D.

Miguel R. Ochoa, M.D.

Carl A. Nelson, M.D.

J. F. Rojas, M.D.

Malcolm C. Spencer, M.D.

William T. Shaffer, M.D.

William J. Swansbro, M.D.

Editor's Note

We, the PARAGON staff, and the nursing students would like to give a big vote of thanks to all the departments of Lakeview Memorial Hospital. Without their generous cooperation, the yearbook would not have been possible.

All the staff members will agree that working on the yearbook has been a challenging experience. We have attended yearbook and photography workshops and learned many new strange terms: layouts, cropping, f/stops, and shutter speeds. We have worked hard but have had lots of fun, hoping to put out a book that does justice to the school and captures many precious moments for the students.

Sincerely,
Jane Wilson
PARAGON editor
1971
